Model
Shank Shape S = Straight, T = Tapered
Sheath Diameter in mm
Immersion Length U in mm
Overall Length L in mm
Process Thread 12 = 1/2", 34 = 3/4", 1 = 1". B = bsp, N = NPT
Instrument Thread Connection 12B = 1/2" BSP, 1/2"N = 1/2NPT
Internal Bore 6.35, 6.7
Material Of Construction 316L
Optional 3.1b Material Certification

High quality solid drilled bar stock thermowell, manufactured from stainless steel 316L with threaded process mount. Can be supplied with 3.1b material certification
